I want to bring my valuable education and experience to service on the FAR Board. I have a BS in Organizational Behavior, and an MS in Organization Development. I spent 24 years as a Right of Way Agent with Sierra Telephone, purchasing land and leases, obtaining permits from government agencies, easements from property owners, and handling property owners' complaints. As YGAOR Training Committee Chair, I brought the GRI program to Oakhurst. I served two separate terms on the YGAOR board, was 2016 president, and worked with the joint Executive committee on the merger. I would appreciate your vote.

With 14+ years as a REALTOR® and involved in Association volunteer leadership much of that time, I've developed a strong desire to be of service to our members. What we do every day for our clients matters, and if my volunteer efforts on behalf of our members keeps them in business serving their clients then I've made a difference. In 14 years, I've served as local, state and national director. Our impact starts at the local association and communities. It would be an honor to continue to put that experience to work for FAR members. Thank you for your vote.

Being a REALTOR® is more than selling houses. It is important to stay on top of our ever changing industry. It would be an honor to serve as a Director for our Association. I have been in the industry for over 12 years. I currently serve at the Fresno Association, Women's Council of REALTORS® California as District Vice President and I also serve at the California Association of REALTORS® on the following committees: Risk Management, Business Technology and Home Ownership Housing. My desire to serve, my industry involvement and being an Independent broker make me an ideal candidate for Director.

Gary Carter

I have had the pleasure of serving as your FAR Treasurer for the past two years. Previously I had been a member of the MLS Committee for 8 years as well as two terms as MLS Chairman. I have traveled with Leadership as well to both CAR meetings as a Director and also for NAR. I have been a licensed REALTOR® since 2002 and I am currently a Broker Associate with Movoto. It has been my honor to be a part of your Leadership team since 2007 and I am hoping to secure your vote to serve another 3 years for you on the Board of Directors. Thank you

Steve Flach

Over the past several years, I've been involved in leadership at all levels of organized real estate. Locally, I've chaired both the education and MLS committees and currently sit on the Board of our non-Profit, F.A.R.A.F. I'm a Director for C.A.R. and also serve as the Federal Political Coordinator to a local U.S. Congressman, through NAR. The years of experience have enabled me to grow both professionally and personally and I want to continue to give back to our Association. I believe in our industry, the REALTOR® brand and The Fresno Association of REALTORS®. Thank you for your consideration.

Carmen Jimenez Phillips

I'm a Fresno State graduate (Bachelor of Science in Business) and have been a REALTOR® and real estate investor in the Fresno area since 1998. I find my career as a REALTOR® and investor extremely rewarding. I also have a strong sense of obligation to the families I serve in those roles. I serve on Professional Standards and currently on the Fresno Association of REALTORS® (FAR) Affiliate Foundation (2018 to present). I feel that my combination of experience and commitment would allow me to serve effectively on the FAR Board of Directors. I humbly ask for your vote.

I have been selling real estate in the Fresno/Clovis area for 35 years. I was MLS Chair in 2001, FAR President in 2006 and I served as Treasurer of FAR for 2 terms. I bring a proven track record of leadership to our local Association. I also serve as a CAR Director and an NAR Director representing Region 12. I support the REALTOR® Action Fund (RAF) currently achieving the California VIP level having contributed over \$10,000 to protect the industry I love and property owner rights in California. I would appreciate your vote for FAR Director.
