Governor Announces Closure of Indoor Activities for Additional Industry Sectors

Effective July 13, 2020 Counties that have remained on the County Monitoring List, **including Fresno County**, are required to shut down the following industries unless they can be modified to operate outside or by pick-up.

Effective immediately, California closes some indoor business operations statewide and additional indoor operations in counties on Monitoring List for 3 consecutive days.

Statewide indoor closures include restaurants, bars and breweries, wineries & tasting rooms, movie theaters, family entertainment centers, zoos and museums, and cardrooms. County indoor closures include fitness centers, places of worship, indoor protests, offices for non-critical infrastructure sectors, personal care services, hair salons and barbershops, and malls. County closures apply to counties that have been on the County Monitoring List for 3 consecutive days.
